+ Description

As a 100% harvesting winegrower, we exclusively vinify our own harvest. We don't buy grapes, juice or wine (Alsace winegrowers account for only 22% of regional production).

This vineyard has been in the family since 1810. Today, Thomas and Séverine Schlumberger represent the 7th generation in charge of the family estate.

It is unique in Alsace, with its 130 hectares, including 70 hectares classified as Grands Crus on 4 terroirs: Kitterlé, Kessler, Saering, Spiegel.
