**53 rue du Murbach
68530 Buhl**

+ Description

"Come live an exceptional experience if you wish to make space in your life for life. Saint Barnabé Spa will awake your five senses.

A place conducive to relaxation, meditation, regeneration and reconsideration oneself, the spa is based on an approach to the whole individual in order to find a balance, sometimes mauled, lost between body and spirit. This happens in a simple setting, unpretentious, but with natural materials such as wood, stone and paintings. Water is a key element as well as the rituals inspired from oriental traditions through our different sculptures."
