67 Le Grand Ried

+ Description

Together, let’s keep the heart of the Grand Ried beating! Whether by bike, on foot, or in a flat-bottomed boat, let yourself drift along and be swept away by time. Fall, with its shimmering colors, invites us to take beautiful walks through our Rhine forests, where we can encounter migratory birds and animals stocking up on food. Let yourself be carried away by the tranquility and the beauty of this season.
