**8 place de l'Hôtel de ville
67150 Erstein Krafft**

+ Description

The nature reserve protects an alluvial forest left to its own free development, but it's also home to a remarkable meadow populated by a multitude of little beasts.

On an easy walk lasting approx. 2h30 to 3h, you can learn to recognize the common butterflies of the nature reserve. You'll discover the differences between butterflies and moths, the main families of butterflies, etc.

Horaire(s) d'ouverture

18/07/2026
Saturday from 09:00 to 12:00
