**6 rue de la Monnaie
67120 Molsheim**

+ Description

The building of the "Monnaie" was designed by Jean de Manderscheid in 1573. It owes its name to the fact that money used to be coined there for a very short while. The edifice has been renovated by the municipality and assigned to the local community and culture outreach. The 56 m long (184 ft) facade features quoins from the Renaissance and 18th century windows with moldings.
