+ Description

Santa Claus Discovers the History of the Railroad!

Come discover the LGB-scale (1/22.5) model train layout. This operational layout recreates the old train line connecting Molsheim to Saverne. For the occasion, volunteers from the association have decorated the layout in Christmas colors. The association is offering hot orange juice as well as a variety of cakes carefully baked by the volunteers.
This model is located in the heart of Molsheim's historic center, at the back of the hospital courtyard.
Psst, Santa Claus will be there!

Horaire(s) d'ouverture
