Rue Soeur Elisabeth Eppinger
67110 Niederbronn les Bains

+ Description

Constructed in 1869, this synagogue is classified as a historic monument. Its imposing size with respect to the local Jewish community is justified by its need to fit into the monumental environment : church, chapel and convent. The synagogue was destroyed during the Second World War. The building, sold to the commune in 1989, now houses the Catholic parish centre.
