Mairie
68480 Ferrette

+ Description

A small town huddled at the foot of a castle, the borough of the powerful Counts of Ferrette is nestled in the foothills of the Alsatian Jura... This town with a prestigious past will charm you with its narrow and romantic paths that lead to the lofty ruins of Ferrette Castle and the mysterious cave of the Dwarfs, the site of a famous legend.

Everything in the town refers to the history of the Counts of Ferrette who founded the most powerful seigneury, reigning with quasi-sovereign status for nearly two centuries during the Middle Ages. Today, Prince Albert II of Monaco still bears the title of Count of Ferrette because of his Grimaldi ancestor's marriage in 1777 with the heiress of the Mazarins.

Discover this charming little town, its castle, its church and its listed town hall, the Tourist Information Centre, numerous hiking trails, and its hidden Dwarfs' Cave at the foot of an impressive limestone gorge.

Things to do:

- **Ferrette Walk, the castle and the Cave of the Dwarfs**: 4.5 Km / 2h30. Download Topoguide here

- **Discovery tour of the old town and castle**: allow between 90 minutes and 2 hours and wear appropriate
