A bike ride with electric assistance!

Pedal your way around our region and marvel at the diversity of its landscapes and the richness of its heritage.

From April to October, the Tourist Office offers a rental service for six electric bikes (e-bikes), available from our offices in Rosheim (four e-bikes) and Ottrott (two e-bikes).

Picturesque villages, the hills of the wine route, peaceful mid-mountain villages such as Grendelbruch... there is so much to discover that you are sure to have a wonderful day!

For the more adventurous, with the added assistance of electric power, why not try climbing Mont Sainte-Odile? 763 metres within your reach, with the reward of this important pilgrimage site and a magnificent view over the entire plain and the surrounding mountains!

From April to October: Bike reservations recommended!
