## + Description

Have fun as a family with this 'Randoland' treasure hunt designed for children aged 4 to 12. Thanks to circuit cards adapted to different levels (4-6 years; 7-9 years; 9-12 years), children become explorer guides and discover, at their own pace, the natural and architectural heritage of Krautergersheim. On this tour, you'll wander through the streets and paths of Krautergersheim, the sauerkraut capital, and the village of Innenheim, where you'll discover the special features of the agricultural plain

Game just in French.
