+ Description

Centuries ago, an evil serpent-dragon terrorized the peaceful medieval town of Obernai.

Jacques, a courageous peasant, was chosen to face this threat. With the help of the enchantress Sainte-Odile and other powerful allies, he was given a variety of weapons, including a shield and a sword of unrivalled power. Using an ancient, mystical magic formula, Jacques sealed the serpent in a metal prison, putting an end to its tyranny.

But this story has been forgotten, and today the power of protective magic is diminishing. The serpent-dragon is gaining strength and preparing to break its chains, threatening the city once again...

Revisit the saga of Jacques le courageux, finding along the way the characters and artifacts that helped him defeat the serpent-dragon.

The creature has awakened, and destiny rests in your hands... It's up to you to save Obernai!
