HIKING TRAIL H01: LE CLIMONT AND THE GLADE OF HANG

Bourg Bruche

67420 Bourg Bruche

+ Description

This walk snakes through a haven of peace and quiet The source of the Bruche is at an altitude of 660m then it runs through a vast basin, the Hang clearing. That's where the glass-making families settled in 1723. The Hang continued to thrive following the arrival of Mennonite farmers from Switzerland. This place was ideal for their pastoral and community life.
