+ Description

The Pays de Sainte-Odile is mobilizing for a good cause through a series of charity concerts organized in its villages; as part of this, the Obernai Chante choir offers you a Christmas concert.
The great adventure began in 1985 with five valiant members, at the initiative of a choral singing enthusiast, François Erdrich. Did he expect to find himself at the head of over 60 choristers twenty years later?
The joy of singing, the desire to share this joy and the bonds that unite its members have led Obernai Chante to take part in numerous charity events.
For a sneak preview, the choir will be performing a week beforehand, on Sunday December 15 at 4pm, at the Saint-Martin Catholic Church in Barr. Concert to benefit organ renovation.
