+ Description

Discussion and exchange on the theme of "Resistance".

The word evokes courage, dignity and loyalty to oneself. But we can also resist change, love and truth. Do we resist out of moral imperative...or because we don't want to accept what's changing, what's happening, what's escaping us?

Through a short text, sensitive experiences and a time of open exchange, this café philo proposes to question the soul, not as a fixed concept, but as a possible experience of interiority.

We invite you to share your thoughts and let them flow freely. Tear apart a received idea, deny the obvious or a preconceived project, find meaning by revealing a little of the human in us...
