+ Description

Show for young audiences.

With Justine Menoux-Laurenceau (narrator) and students from the Haute école des Arts du Rhin la 'HEAR'.

Welcome to an extraordinary journey, between stars, planets and children's hearts.

Today, we invite you to (re)discover Antoine de Saint-Exupéry's The Little Prince... but in a slightly magical way: through music.

On stage, talented young musicians from HEAR Strasbourg lend their bows to a tale full of gentleness, mystery and poetry. Their instruments, like voices without words, tell of the desert, the rose, the fox and all the little planets where we sometimes forget to grow with our hearts.

Close your eyes and let yourself be carried away. It's not just a concert, it's an adventure, a dream, a star that speaks.

"You can only see well with your heart. What is essential is invisible to the eye". : The Little Prince.
