Différents lieux dans la ville
67210 Obernai

+ Description

In response to today's environmental challenges, the City of Obernai has been taking very concrete actions on a daily basis for many years. Among these efforts, the City regularly organizes street cleanup events.

The City is therefore inviting residents to take part in an eco-friendly waste collection effort throughout the municipality, organized by neighborhood.

After the waste has been collected and weighed, there will be a friendly get-together. The City thanks you for your help!

Register online no later than Thursday, October 1, at www.obernai.fr/ecobernai

For more information, call 03 88 49 95 71.
