+ Description

13e sens and the association Nature & Vie, Barr and surrounding area, around the documentary WILDING, RETOUR A LA NATURE SAUVAGE by David Allen.

After the screening, a discussion will be led by the Nature & Vie association.

The story of a young couple who rely on nature to ensure the future of their failing four-hundred-year-old farming estate. The young couple fight against entrenched traditions and dare to put the fate of their farm in the hands of nature. They tear down the fences, return the land to its wild state and entrust its recovery to a motley mix of tame and wild animals. It's the beginning of a great experiment that will become one of the most important rewilding experiences in Europe.
