+ Description

Putting your strength to work for those who don’t have any and running for the Telethon—that’s the challenge proposed by the organization “Thousands of Steps for Sacha.”

On December 19, the second edition of this charity run will take place: run as many laps around the track as possible to rack up the count!
A festive Christmas atmosphere is guaranteed, with music, a bake sale, and mulled wine. Bring your best “ugly Christmas sweater,” come with your friends, or try to help your school win the trophy!

There will be workshops on the spot to raise awareness about disabilities and participation in sports.
