## + Description

Contemporary Theater, Dystopia. By the Slava Company.

The Slava Company, based in Strasbourg, will hold a creative residency for its new production at 13e sens from November 30 to December 4, 2026.

In the near future, a new cutting-edge technology allows people to trade their memories for additional time to live. Nora, an ambitious young woman, decides to experiment with this technology within her already? divided: Laura, her mother, chooses to gradually let go of her memories; Tom, her father, desperately tries to hold on to everything; and Stéphane, an artificial entity, absorbs the pasts of others. Amid loss, dreams, and illusion, each character is confronted with a dizzying question:

What remains of us when memory fades?

*WHAT REMAINS OF US* follows its characters through their contradictions and impossible choices, to the point where each must decide what they are willing to sacrifice—and what they still refuse to give up.

Ages 12 and up.
Free event; reservations recommended.
