+ Description

Participants will be invited to travel back in time through a series of dramatized tasting stations, where each scene will reveal a new clue to unravel the mystery of the Kiss of Bacchus.

On site, there will be a musical duo, "Hanau Duo," a refreshment stand, and tartes flambées (including one created especially for the occasion).

"The Kiss of Bacchus" was born out of a desire to tell the estate's story in a different way. Taste, investigate, and travel... through a contemporary production, a new vintage, and an experience open to the public, blending wine, heritage, games, and theater!

Three tour times are available: 11:00 a.m., 2:00 p.m., and 4:30 p.m.

Free event—reservations required.
