+ Description

Through stories and works of art, this activity invites young children to observe, marvel and take a fresh look at the world around them. With Raconte-moi une œuvre (Tell Me About a Work of Art), art is discovered gently, impressions are shared... and eyes are opened wide.

Explore the world of Frida Kahlo through a reading of Des pinceaux pour Frida (Paintbrushes for Frida), which echoes her self-portrait The Frame, then continue your discovery with a creative workshop based on the work.
