## **Description**

Pink October in aid of cancer research - Walk and run around town.

Second edition: a 5.5 km solidarity event to support the fight against breast cancer. More than just a sporting event, it's a moment of sharing, mobilization and hope to advance research and remind us that we are all united against cancer.

Organized as a fun and safe run and walk, this initiative is aimed at adults (18 and over) for the run, and remains open to all for the walk - young and old, young and old. Everyone, at their own pace, can get involved and contribute to this essential cause.

In the streets of Obernai, on a 5.5 km route combining sport, solidarity and conviviality, come and gather your energies and carry together a strong message: hope progresses with every step.

All proceeds will be donated to ICANS. Stands and entertainment along the route, refreshments and snacks.
