+ Description

Maison Mosser: Excellence in the heart of Obernai since 1931.

Here, passion is passed down like a family jewel. **Anne, jeweler-jeweler** and her brother **Jean-François, watchmaker**, open the doors to a universe where historic watchmaking meets contemporary jewelry.

Both "Meilleur Apprenti de France", they genially marry precision watchmaking and emotional jewelry. From meticulous restoration to bespoke creations, each project finds the rigor of Florent Mosser, the historic keeper of the Kappelturm and its clock.

Push open the door: more than a jewelry store, discover a rare savoir-faire. Here, history continues with you!
