+ Description

Pedal your way through Alsace, for a sightseeing escapade lasting just a few hours or a few days. The electric bikes of the MOVELO network feature a battery and an electric motor that only assist you while you are pedalling, so you can combine sport with relaxation. On an e-bike, you can reach speeds of up to 25 km/h, so you'll be able to cover lots of ground! Whether you're on the road or on cycle paths, no need to tire yourself out pedalling...even going uphill or into the wind, cycling is a pleasure for everyone !
