+ Description

The tourist office has created a visitor card to further encourage business referrals among local businesses and to promote the area’s attractions and recreational activities.
The concept is simple: when a visitor stays for 3 nights in the region, they receive a guest card inviting them to explore more of our 18 municipalities.
This card will provide systematic information to our visitors and encourage them, through special introductory prices, to support local businesses during their stay, with the offers we have approved together, and we thank you once again for your commitment.
The card features a QR code in French, one in German, and one in English, where the 60 offers are listed
