+ Description

Founded in 1952, the Cave du Roi Dagobert today brings together nearly 250 winemakers who share 1000 hectares of vines. The cellar has been designed to facilitate wine discovery and tasting. Over 60 references of Alsace wines and Crémants are available for free tasting at our counter. Self-service gives you easy, convenient access to the bottles or boxes you need.

We offer activities throughout the year. Check out the dates of our events (Apéro'Dago, Dago'Concert, Portes Ouvertes, Food Trucks, Christmas market...) on our website or Facebook page.
