67210 Obernai

## + Description

Running race accessible to all, organized by "Courir à Obernai". The 11 kms around the city and the difference in altitude (150m) allow runners used to flat courses and those who prefer hilly courses to compete, half on the road and half on the path with the climb to the Mont National at the 6th kilometer.

The passage to the Croix Blanche will give the runners a glimpse of the beautiful city of Obernai. The rest of the route will allow the runners to unroll their stride and finish on the Rempart de la ville.

Registration via the website [www.sporkrono.fr/events/les-onzes/](http://www.sporkrono.fr/events/les-onzes/).
